Proponent and exception authority.

The proponent of this regulation is the Assistant Chief of Staff for Installation Management. The proponent has the authority to approve exceptions or waivers to this regulation that are consistent with controlling law and regulations. The proponent may delegate this approval authority, in writing, to a division chief within the proponent agency or its direct reporting unit or field operating agency, in the grade of colonel or the civilian equivalent. Activities may request a waiver to this regulation by providing justification that includes a full analysis of the expected benefits and must include formal review by the activity's senior legal officer. - b.* Museums or natural resources.
- c.* Programs providing services to members of the Armed Forces and the Families of such members, to include, but not limited to, Family support, child development and youth services, library and education, religious activities, housing referral, employment assistance to spouses of such members, MWR, funeral honors detail, legal assistance services, proctor for administration to secondary school students of the test known as the Armed Services Vocation Aptitude Battery and specific translation or interpretation services as prescribed by 10 USC 1588(a)(7).

5-5. Special circumstances to accept volunteers

a. When programs or services are provided in a jointly sponsored initiative with a non-DOD entity, voluntary service may be accepted only if the primary beneficiaries of the voluntary service are eligible for DOD sponsored programs. An example of a jointly sponsored initiative is the installation/unit Partners in Education program, where the primary beneficiaries are military youth.

b. The Military Departments are authorized to accept voluntary services; however, DOD and organizational entities within the DOD may accept voluntary service by going through one of the military departments (see para 5-3*a*). When one of the DOD components, other than another military department, is located on an Army installation, that DOD component may accept voluntary service only by going through the Army or through any military department with which such

arrangements have been made. In accepting such voluntary services, the other DOD component involved shall follow the rules and procedures of the Military Department through which the voluntary services are accepted. Such arrangements may also be made with the Army when the DOD component is not located on any installation.

5-6. Who may volunteer

a. Voluntary services may be accepted from civilian personnel from both the military and civilian communities and military personnel and their Family members.

b. Voluntary services from host-nation or third country citizens may be accepted if the responsible commander determines that acceptance of such voluntary services will not subject the U.S. Government to potential liability for unacceptable expenses. This includes payment of employment benefits for a volunteer because of host-nation labor and voluntary service laws, U.S. host nation treaties, or Status of Forces Agreement or other agreements. Legal counsel must review provision of voluntary service from host-nation and third-country citizens at overseas locations prior to acceptance.

5-7. Exclusions from authority to accept voluntary service

a. Volunteers may not hold policy-making positions, supervise paid employees or military personnel, or perform inherently Governmental functions such as determining entitlements to benefits, authorizing expenditures of Government funds or deciding rights and responsibilities of any party under Government requirements.

b. Voluntary services may not be accepted in exchange for any personnel action affecting any paid employee or military member.

c. Volunteers may not be compensated for their voluntary service except under the provisions of paragraph 5-10g .

d. The Service Contract Act (41 USC 351) requires that anyone performing work that is contained in the statement of work of a service contract must be paid the minimum wages provided for under the Act (or status of forces agreement, supplemental agreements, or other laws applicable overseas). A person providing services under such a scenario is not a Government volunteer and is not covered by 10 USC 1588.

e. A Government agency shall not solicit or accept volunteer services from contractor employees whose company has a contractual relationship with the Government agency organization seeking volunteer services. Contract employees may volunteer in Army programs run by organizations with which they have no contractual relationship. Such volunteer duties must be performed on the contractor's own time.

f. Federal employees may not volunteer for a program in which they are employed. However, Federal employees may volunteer in other Army programs in which they do not have employment responsibilities.

g. Army volunteers are not authorized to engage in fundraising activities while performing volunteer services. Individuals engaged in fundraising do so on their own time, and are not considered Army volunteers when engaged in such activities.

5-8. Status of volunteers

a. While providing services under 10 USC 1588, a volunteer will be considered to be an employee of the Government only when the volunteer is acting within the scope of the services (position description) accepted, and only for the purposes of the following provisions of law:

(1) When providing services or receiving training to provide such services to an Army APF organization only for the purposes of—

(a) Compensation for injuries occurring during the performance of approved voluntary services pursuant to 5 USC 8101-8152. Applicable volunteer compensation computation for injuries incurred during the performance of approved voluntary services pursuant to 5 USC 8101-8152 is described in 10 USC 1588.

(b) Claims for damages or losses pursuant to 28 USC 2671-2680 and 10 USC 2733.

(c) Privacy Act and Freedom of Information Act regulations regarding the maintenance of records on individuals pursuant to 5 USC 552a.

(d) Criminal conflict of interest laws pursuant to 18 USC 201-225.

(2) Volunteers are considered employees of the nonappropriated fund instrumentality (NAFI) when providing services or receiving training to provide such services to an authorized Army NAFI only for the following purposes:

(a) Compensation for injuries occurring during the performance of approved voluntary services pursuant to 5 USC 8101-8152.

(b) Claims for damages or losses pursuant to 28 USC 2671-2680 and 10 USC 2733.

b. When an individual volunteers for an organization that receives APF and NAF, the volunteer will be considered an APF volunteer when their supervisor is an APF employee. When the volunteer's supervisor is a NAF employee, the volunteer is considered a NAF volunteer.

5–9. Standards for acceptance of voluntary service

a. Accepting official. The accepting official is a military member or Government employee (APF and NAF) who is the head of the organization (or their designee) where the volunteer provides service.

b. Organization responsibilities. The organization where the volunteer serves is responsible for ensuring—

- (1) All volunteer documentation is complete.
- (2) Personnel records are maintained.
- (3) Awards and recognition are planned and executed.
- (4) Costs of reimbursable expenses and organization awards are budgeted.
- (5) A representative serves on the Volunteer Council.
- (6) The Volunteer Management Information System on the Army OneSource Web site is utilized to record volunteer positions, awards, training, hours, and so on.

c. Circumvention of the civil service system. Volunteers may assist the workforce by performing an apportionment of a required function, but they cannot be used to substitute totally or permanently for unfilled positions, to replace paid employees or in lieu of obtaining contracted services for which funding has been provided.

d. Nondiscrimination policy. In accepting voluntary services, organizations will not discriminate based on race, creed, religion, age, sex, color, national origin, sexual orientation, marital status, political affiliation, or disability.

e. Injury. Volunteers will not perform duties that render them unusually susceptible to injury or to causing injury to others.

f. Supervision. The degree of supervision of volunteers will be comparable to that provided with respect to paid employees providing similar services. Personnel management rules and procedures applicable to exercising authority, direction, and control over paid employees and military personnel are not applicable to volunteers. Supervisory authority with respect to volunteers will be through designation of authorized duties, training, counseling, and determinations regarding continuation of acceptance of voluntary services. The supervisor may be a paid employee (civil service or NAF employee), a military member, or another volunteer who is so supervised. The supervisor must be directly responsible for the work the volunteer is performing.

g. Undue influence. When accepting voluntary services, commanders will ensure that neither they nor their paid or volunteer staff violate the provisions. By law no official will directly or indirectly impede or otherwise interfere with the right of a spouse of a military member to pursue and hold a job, attend school, or perform voluntary services on or off a military installation. Moreover, no official will use the preferences or requirements to influence or attempt to influence the employment, educational, or volunteer decisions of a spouse.

h. Background checks. Volunteers may be subject to a background check in accordance with DODI 1402.5, AR 608–10, and AR 608–18. Volunteers who work with children and youth must have a background check in accordance with the above regulations. The organization accepting the volunteer may contact the Family Advocacy Program Manager or the AVCC to obtain guidance on procedures for obtaining background checks and points of contact at required agencies.

i. Credentials. When required, volunteers must be licensed, privileged, have the appropriate credentials, or be otherwise qualified under applicable law, regulations, or policy to provide the voluntary services involved.

j. Privacy. DODD 5400.11 provides for the disclosure of privacy-protected records to agency employees who need the records in the performance of their duties. Access to records contained in a Privacy Act system of records may be provided to a volunteer providing a service to an APF activity. Any volunteer with such access must comply with the protection, disclosure, disclosure accounting, and other requirements. Privacy protected information may not be disclosed to a volunteer in a NAFI, as 10 USC 1588 does not authorize such access for NAFI volunteers.

k. Volunteer agreement. All volunteers and accepting officials for APF or NAF activities will sign DD Form 2793 (Volunteer Agreement for Appropriated Fund and Nonappropriated Fund Instrumentalities). A copy of the signed volunteer agreement will be given to the volunteer prior to commencement of voluntary services. The DD Form 2793 will be placed in the volunteer's personnel file and may be uploaded on the Volunteer Management Information System.

l. Parental permission form. Parental or guardian permission is required prior to the commencement of volunteer services from unmarried Family members under the age of 18. DA Form 5671 (Parental Permission) will be signed when accepting voluntary services from unmarried Family members under age 18 before commencement of work.

m. Position description. A written position description will be completed in Volunteer Management Information System for each volunteer and will include the position and title, first-line supervisor, second-line supervisor (if applicable), description of duties, time required, qualifications of the job, training required and provided by the program accepting the voluntary services, and evaluation and feedback by the supervisor.

(1) The supervisor of the volunteer will write the position description, and the accepting official will be the approval authority.

(2) Each position description will make specific mention as to whether or not the regular use of a motor vehicle, private or Government-owned or Government-leased, is required and, if required, the specific volunteer duties that will be performed while using the vehicle. Incidental uses of a privately owned vehicle (for example, to run an occasional errand) should not be described in the job description.

(3) If the use of a vehicle is not required in the performance of volunteer duties, the position description will state that the use of a vehicle is not authorized.

n. Daily time record. Each volunteer will maintain a record of hours worked in Volunteer Management Information System. Credit hours earned will be entered for the appropriate day and month that the volunteer worked. Monthly totals will be automatically totaled in Volunteer Management Information System. A hard copy of entered data will be printed as DA Form 4713 (Volunteer Daily Time Record) and placed in the volunteer's personnel file.

o. Service record. All organizations having volunteers must ensure volunteer hours worked are documented in Volunteer Management Information System. These organizations must document jobs performed and training and recognition received in Volunteer Management Information System. The program will automatically place this information on DA Form 4162 (Volunteer Service Record) which should be printed and placed in the volunteer's personnel file.

p. Retention of records. Volunteer records will be retained for 3 years following the termination of voluntary service by the organization receiving the service. After that period, a summary of each volunteer's service may be electronically maintained at the activity until no longer needed.

q. Training. Volunteers will receive training needed to perform their duties. This training will include pre-job training to learn technical skills, on-the-job training, and continuing in-service training.

r. Orientation. Volunteers (includes those who transfer from other duty locations) will receive orientation to familiarize them with the organization, their assigned duties, procedures to document voluntary service hours, policies and procedures for obtaining reimbursement of incidental expenses, award policies, grievance procedures, line of supervision, the importance of confidentiality, and other relevant matters.

5–10. Authorized volunteer support

Various kinds of support are authorized to assist volunteers in performing their assigned service. These include, but are not limited to—

a. Equipment. This covers Government facilities, to include dedicated office or desk space, equipment, supplies, computers, and telephones as needed to accomplish assigned duties.

b. Authority to install equipment. The commander has the authority to install telephone lines and any necessary telecommunication equipment in the private residences of persons who provide voluntary services and may pay the charges incurred for the use of the equipment for authorized purposes.

c. Use of Government-owned or Government-leased vehicle. A volunteer may be permitted to use Government-owned or Government-leased administrative vehicles under 10,000 pounds when all the following circumstances exist:

(1) The appropriate commander determines that the use of the vehicle is for official purposes and that failure to provide such support would have an adverse effect on Soldier morale.

(2) The use of the vehicle can be provided without detriment to the accomplishment of the unit's needs (see AR 58–1).

(3) Volunteers who are assigned to operate administrative vehicles will be required to complete the same training and screening and maintain the same qualifications as other employees who drive comparable vehicles. They must meet the requirements of AR 600–55 (for example, they must possess a current valid driver's license from a state, U.S. Territory, U.S. possession, or overseas authority, and measures are taken to identify those personnel who are authorized and qualified to operate such vehicles). Those personnel who operate administrative vehicles should be screened through the National Driver Register, to the extent possible, to preclude those individuals with questionable driving records from operating Government vehicles.

d. Other requirements when operating Government vehicles. Permission to operate Government-owned or Government-leased administrative vehicles will be in writing. Volunteers will operate only Government vehicles that have been dispatched to them. Volunteers will be informed of the requirement that Government vehicles be used only for official business (see AR 58–1).

e. Investigation of incidents. Standard procedures used to investigate and/or adjudicate incidents involving employees are used, when appropriate, to investigate and/or adjudicate similar incidents arising from voluntary services provided under 10 USC 1588.

f. Official mail. Use of official mail as deemed necessary and appropriate to execute assigned volunteer duties. Family readiness group newsletters must meet the guidelines in AR 215–1.

g. Reimbursement of incidental expenses.

(1) The sponsoring organization's commanding officer or official in charge accepting the voluntary services will determine if reimbursement is necessary to obtain the voluntary services, and will decide if the total amount to be reimbursed

is reasonable in relation to the value of the voluntary services provided, following coordination with the resource manager. Volunteers may not be compensated for the service provided except for the reimbursement of incidental expenses incurred while providing voluntary services accepted by the organization. However, there is no requirement to reimburse incidental expenses of volunteers.

(2) Training, travel, mileage, parking, telephone, and child-care expenses may be reimbursed with available APFs or budgeted NAFs. Travel and training will be in accordance with appendix E of the Joint Federal Travel Regulation (JFTR). Expenses such as certain meal surcharges incurred as a result of voluntary services, reimbursements of volunteers in the Reserve Components, and methods to reimburse child care expenses using NAFs are established in AR 215–1. Refreshments and other food and beverages are not normally considered incidental reimbursable expenses. However, if a volunteer is providing a service in support of an official conference concerning Army Family or quality of life/well-being programs, the costs for food and beverages, with the exception of alcoholic beverages, may be reimbursed by the organization sponsoring the conference. This includes local volunteers as well as those in a travel status. The costs of the food and beverages should not exceed Government per diem and should be provided only on the day(s) of the voluntary service when the food or beverage expenses were actually incurred. As with other payments to volunteers, prior approval of the reimbursement by the sponsoring organization's official in charge is required as outlined in paragraph (1) above.

(3) Reimbursement of volunteer incidental expenses may be made from either APFs or NAFs as authorized in 10 USC 1588 depending upon the program, available resources and the judgment of the responsible commander.

(a) The funding source should link to the funding source of the program. When the voluntary services support activities are funded solely by APF, then APFs are the preferred funding source to reimburse volunteer incidental expenses. When the voluntary services support activities are funded solely by NAFs, NAFs are the preferred funding source to reimburse volunteer incidental expenses.

(b) Either APFs or NAFs may be used to reimburse volunteer incidental expenses when the voluntary services support activities are funded by a combination of APFs and NAFs.

(c) Installation MWR funds should be used only to reimburse volunteer incidental expenses when the voluntary services support MWR activities, in accordance with AR 215–1.

(d) NAF reimbursement to volunteers providing services to a NAFI other than MWR or Family programs funded under the installation MWR fund should come from the applicable NAFI. Examples of other applicable NAFIs officially authorized for Army elements include the Fisher House NAFI, billeting fund, United States Military Academy NAFIs, museum NAFIs, and chaplain funds.

(4) Incidental expenses such as training and travel should follow the rules, procedures, and accountability for employment related reimbursements of Federal employees performing similar activities. The reimbursement of mileage for the use of a privately-owned vehicles while performing voluntary service will be at the current Government rates. Other reimbursable expenses such as long-distance telephone calls and child care should be reasonable.

(5) A Government employee or military member may not have approval authority for a volunteer's reimbursement of incidental expenses, or approval of individual travel orders for travel when the volunteer is the Soldier's or Government employee's Family member. In such circumstances, the approval authority will be the next senior individual in the Government employee or military member's chain of command. Criminal conflict of interest laws may be applicable to Government officials making financial determinations which affect their own financial interests, pursuant to 18 USC 208.

5–11. Recognition

Commanders and accepting officials will ensure that an ongoing system of recognition is developed and implemented, as stated in appendix I.

Section III

Gratuitous Service

5–12. Individuals providing gratuitous service

Army policy is to accept volunteer services under the statutory volunteer policy described above. Under limited circumstances, Army activities may accept gratuitous service from individuals, who provide service to the Army without any expectation of compensation, to include salary, tips, or benefits such as workers' compensation, tort claims, and reimbursements of incidental expenses (such as child care) from APF or NAF. Gratuitous servants are not considered statutory volunteers afforded benefits applicable to volunteers under 10 USC 1588. Individuals providing such service should receive recognition as detailed in appendix I.

5-13. Acceptance of gratuitous service

a. Gratuitous service may be accepted under certain conditions.

(1) Army organizations are required to obtain their servicing staff judge advocate approval prior to accepting gratuitous service from an individual for non-MWR activities to ensure compliance with the Anti-Deficiency Act at 31 USC 1342.

(2) Individuals providing gratuitous service will agree in writing to waive any and all claims against the Government that may arise from the performance of their services. Sample agreements are provided in figure 5–1 for adults (or married Family members under the age of 18 years) and figure 5–2 for unmarried Family members under the age of 18 years. The organization in which the services are provided will maintain these agreements until determined no longer required.

(3) Individuals receive no pay, and the performance of service does not qualify them as an employee of the U.S. Government. They provide gratuitous service on their own initiative.

(4) Individuals providing gratuitous service cannot be reimbursed with NAFs or APFs for their incidental expenses incurred as a result of their service.

b. Provisions of paragraphs 5–6a , 5–7g , 5–9c , 5–9d , 5–9g , 5–9h , 5–9m , 5–9n , and 5–9r apply to gratuitous servants.

Section IV

Private Organizations

5–14. Private organization volunteers

Individuals providing service to a private organization are volunteers of that organization and are not Army volunteers. Volunteer management is conducted according to the guidelines established by the private organization.

5–15. Private organization volunteer benefits

Volunteers for private organizations are covered only by those benefits provided by that private organization and are not eligible for any benefits from the Army to include workers' compensation, tort claims, and reimbursements of incidental expenses from APF or NAF. Private organizations may participate in training sponsored by the AVCC and request consultation on volunteer management issues. A representative from private organizations may be a Volunteer Council member. Private organizations are encouraged to provide volunteer hours to the AVCC to show the total impact of all volunteers on the installation.

5–16. Private organizations

Private organizations (PO) authorized to operate on the installation are strongly encouraged to participate in Volunteer Management Information System for the purpose of recruitment, recordkeeping, and recognition. Participation in Volunteer Management Information System will facilitate inclusion of authorized PO volunteers in installation awards and recognition ceremonies.

Section V

Student interns

5–17. Student voluntary services

Services may be accepted from students, with the permission of the institution at which the student is enrolled, as part of an agency program established for the purpose of providing educational experiences for the student (see 5 USC 3111).

5–18. Guidance

Organizations should contact their local personnel office for applicable Office of Personnel Management guidance on this program. Volunteer student internships do not fall under the office of the AVCC.

Section VI

Army Volunteer Corps Coordination

5–19. Purpose

Army Volunteer Corps coordination will promote the effective use of volunteers, identify and develop meaningful volunteer opportunities, and ensure compliance with regulatory guidance.

5–20. Volunteer Council

The Volunteer Council will meet at least quarterly to discuss current volunteer issues and share program plans, successes and proposed events. The AVCC will chair council meetings. The council will include, at a minimum, representatives from all agencies having volunteers, appropriate command spouses and community representatives. The AVCC will prepare and forward a copy of council minutes to the installation (garrison) and member organizations.

5–21. Services to organizations utilizing volunteers

a. A comprehensive and up-to-date resource library will be established that includes, at a minimum, volunteer regulations, legislation, DA, IMCOM, Army commands, Army service component commands, and direct reporting units installation guidance, forms, materials on volunteer management and program organization, and information about training opportunities for volunteers and volunteer managers.

b. Training will be provided for volunteer managers, both paid and volunteer, on volunteer management issues such as recruitment techniques, interviewing skills, orientation requirements, record keeping, recognition, evaluation, dismissal and position descriptions. The AVCC will assist volunteer agencies in determining types of training needed.

c. Assistance may be provided in evaluating the effectiveness of an organization's volunteer service.

d. The AVCC will act as an impartial mediator in issues concerning volunteers, volunteer organizations, and the chain of command.

5–22. Recruitment, referral, and recognition

a. Recruitment methods. Volunteer recruitment will be conducted using a variety of media and informational briefings. A volunteer job bank will be established and maintained that will include information on all current volunteer positions, programs, and agency requests.

b. Referral. Volunteers will be referred to agencies based on their interests, skills, and agency needs.

c. Transitions. Volunteers wanting to transition to another position will be given assistance in identifying and transferring to another position.

d. Recognition. Volunteers will be recognized for their service at the installation volunteer recognition event. Volunteers will be recognized with appropriate military and civilian awards (see app I).

The task force is composed of personnel from appropriate disciplines, including, where appropriate, medicine, psychology and childhood development. In the case of such allegations, the task force provides assistance to the commander of the installation, and to parents at the installation, in helping them deal with such allegations. Also maintenance of a national telephone number is required to report suspected child abuse and regulations are prescribed requiring the commander of a military installation to seek the assistance of local child protective authorities. The term “child abuse and neglect” has the meaning provided in section 3(1) of the Child Abuse Prevention and Treatment and Adoption Reform Act (42 USC 5101).

e. 10 USC 1056 requires that a program be carried out to provide relocation assistance to members of the armed forces and their Families.

Appendix C

Army Community Service Volunteers

C–1. Status

a. ACS volunteers are one example of the many statutory volunteers authorized by 10 USC 1588 and must comply with all laws, regulations, and guidance outlined in Chapter 5 of this regulation.

b. Individuals volunteering in ACS services within the United States Army Recruiting Command are considered ACS volunteers and subject to the rules and regulations governing ACS volunteers.

C–2. Roster

Each ACS must have an accurate roster of active ACS volunteers that includes, at a minimum, the following information: complete name, telephone number, volunteer position, and identification of minors.

C–3. Volunteer records

a. The ACS volunteer supervisor will ensure a volunteer service record is established for each volunteer in the Volunteer Management Information System.

b. Each volunteer will maintain a record of hours worked in Volunteer Management Information System. Hours earned will be entered in Volunteer Management Information System for the appropriate day and month that the volunteer worked per paragraph 5–9*n*.

(1) Credit will be given for each hour of voluntary service performed, hours spent in orientation and other ACS training activities. Temporary duty at conferences or workshops will be credited at 24–hours per day.

(2) Volunteers performing on-call duties will be awarded two hours of credit for each 24–hour period spent on call in addition to any voluntary service performed during the on-call period.

(3) Extra credits will be awarded and entered into the monthly column of the daily time record for volunteers who serve in the following capacities:

(a) Volunteer supervisor (10 hours per month).

(b) Assistant volunteer supervisor (5 hours per month).

(c) Upon transferring, the volunteer’s record will remain in the Volunteer Management Information System.

(d) Army volunteers may work with Family services activities of the U.S. Air Force, U.S. Navy, U.S. Marine Corps, U.S. Coast Guard, or other uniformed service volunteer activities, including the Reserve Components and Family Readiness Groups. Such volunteers can transfer the hours worked to ACS to apply for awards. When they return to ACS, appropriate totals will be entered in Volunteer Management Information System under “Other Services” with the appropriate organization, position, dates, and hour information. Requests will be honored when volunteers from other services working in ACS want their hours credited to their own Family service program.

C–4. Army Community Service recognition

a. An ongoing system of recognition for volunteers will be established for ACS volunteers in accordance with appendix I.

b. The ACS name tag will be awarded after 50 hours of service. The ACS pin may be awarded after 50 hours of service.

c. The Emma Marie Baird Award for Outstanding Volunteer Service consists of a lapel pin and citation signed by the Chief of Staff, Army. It represents HQDA recognition of volunteers who have contributed outstanding service to ACS. Volunteers will be nominated for this award per instructions from IMCOM (IMCOM G–9, Family and MWR Programs). The nomination of volunteers whose contributions are believed to merit this recognition, will be made by installations on an annual basis, forwarded by a memorandum signed by the garrison commander, and received by the IMCOM regions or specified Army commands by 1 September of each year. Regions/Army commands will review the nominations, preferably by committee, to ensure they meet the criteria. When a nomination does not fully meet the criteria, region/Army command review should focus on recommending an alternative recognition that would be more appropriate. One copy of each nomination considered appropriate for receipt of the award will be forwarded by a cover letter signed by the region/Army command endorsing the nominations to IMCOM by 1 November of each year. Consult <http://www.myarmyonesource.com> for detailed instructions.

Appendix D

Central Intake Methodologies

This material is used with permission from the Alliance of Information and Referral Systems, Inc., and the United Way of America.

D–1. Interviewing and assessment

Interviewing will be limited to obtaining sufficient information to make an assessment to provide accurate information or referral. The assessment will consist of an accurate understanding of the problem as identified by the client and the staff.

D–2. Information giving

Simple or complex information will be provided in response to inquiries. Simple information is that which requires a limited response, such as an organization's name, telephone number, and address. In such cases, it is not necessary to obtain additional information from the client to answer the question and no problem is presented. No outgoing calls are made in relationship to the inquiry and there is no follow-up. Complex information consists of providing detailed information about community service systems, agency policies and procedures for application. No problem requiring referral to an agency is presented. Outgoing calls may be made to validate information but no follow-up is made.

D–3. Referral

For the client who presents a problem, an assessment is made to provide a referral. Referrals may be simple or complex. Simple referral is made when there is reasonable assurance that the client is competent enough to follow the referral without assistance and that service is available at the level required and in the necessary time frame. Otherwise the request is considered as a complex referral. An outgoing call is made on behalf of the client and follow-up occurs.

D–4. Follow-up

a. Follow-up will consist of contacting the referral agency and the client to find out whether or not contact has been made and if the service is being provided. Follow-up will be carried out, at a minimum, in complex referral cases.

b. If linkage has not occurred, the staff will offer advocacy on behalf of clients to assist them in obtaining a needed service when they cannot effectively represent themselves or when they have a complaint about a service.

Appendix E

E-3. File update

The resource file will be updated annually. Procedures will be established for responding to interim information changes.

Appendix F

Family Assistance Center

F–1. Staying prepared

Local and military agencies in the community should develop written plans, test those plans, and have strong working relationships. Catastrophic events should not be the first time organizations get to know each other. Essential key personnel should be identified to support Family assistance center operations with logistical support and necessary equipment identified beforehand. A solid network of proactive collaboration and interservice communication is essential to know how to coordinate the many military and civilian agencies. Also important is the need for uniform guidelines, interservice agreements, “smart” books, and standardized protocols. Baseline procedures for resolving common issues must be clearly established to ensure Joint responses to military disasters, mobilizations and deployments, and provide consistency in their response.

F–2. Family Assistance Center activation

The Garrison Commander, the Emergency Operations Center (EOC), or the point of contact (POC) identified in the installation EM Plan will direct the installation ACS Director to activate, sustain, and deactivate a FAC. For garrisons without direct ACS support, and where coordination with the nearest ACS is impractical due to geographic separation, the Garrison Commander will identify a FAC director to activate, sustain, and deactivate a FAC. A FAC will be activated as follows—

a. Phase I.

- (1) ACS is put on alert, and will be prepared to expand into phases II through III within 24-hours if necessary.
- (2) Transportation is made available to FAC staff and customers to and from the FAC, or Mass Care locations/facilities, a school, childcare, or daycare facility to a Local Safe Haven or collection point due to the emergency, or assigned tasks as detailed in the installation EM Plan.
- (3) A 24-hour emergency-telephone capability is activated.
- (4) An ACS representative will be on call.
- (5) Community support services information papers and POC rosters are validated and placed in a smart book for reference.
- (6) Support services will be notified that expanded services may become necessary, and that POCs must be immediately available (see app G–2).
- (7) The Garrison IEM Plan is reviewed and validated, equipment is checked, and staff and support agency training is completed (see app F–6).
- (8) An ACS staff member will be designated as a member of the EOC.

b. Phase II.

- (1) As customer volume or conditions warrant, FAC hours of operation may increase up to 18 hours per day, and an ACS representative trained in FAC operations will be required to be present in the FAC.
- (2) Depending on the situation and customer needs, essential agencies and services move to the FAC. These agencies and services include, but are not limited to, information and referral, behavioral health services, chaplain support, child care assistance, housing, transportation, casualty support, translators, medical triage, security, personal locator assistance, Defense Enrollment Eligibility Reporting System (DEERS) access, finance, Identification (ID) cards, legal, referral services, and tri-service medical care (TRICARE).
- (3) In accordance with the validated installation Emergency Family Assistance Plan, the ACS director, commanders, or supervisors of the supporting agencies will initiate staffing patterns for extended operations.
- (4) In accordance with the installation Emergency Family Assistance Plan, supporting agency personnel will staff the FAC during the increased hours of operation.

c. Phase III.

- (1) The FAC begins 24-hour operations.
- (2) At the direction of the Senior Army or Garrison Commander, support agencies may be required to staff the FAC for 24-hour operations.
- (3) To ensure a support structure is in place for Family members during emergency situations and deployment, the Garrison Commander may place the FAC on 24-hour operation during—
 - (a)* A natural disaster or other local crisis situation impacting garrison personnel and/or the affected military community (to include Reserve Component Personnel).
 - (b)* A mobilization or deployment related event requiring crisis intervention and emergency communication to Soldiers Families, including but not limited to, unscheduled mobilization or deployment, rapid mobilization and deployment, in-theater mass casualty incident or hostage incident, or short notice deployment extension.

(c) Repatriation or Noncombatant Evacuation Operations (NEO).

d. Phase IV. The Senior Army or Garrison Commander will decide when to begin FAC deactivation procedures based on the recommendation of the ACS/FAC Director. FAC hours of operation and staff may decrease based on customer volume and mission requirements until the workload can be absorbed by normal ACS and support agency operations. The FAC will implement a transition plan for impacted Soldiers/Families requiring long term support in order to assimilate them back into their community or a designated location. Once this is achieved, the FAC will completely shut down. The FAC director with assistance from the supporting agencies will complete an AAR and, after obtaining the appropriate command concurrences, forwards it through the IMCOM region, to IMCOM (see app F-7).

F-3. Family Assistance Center Staffing

a. FAC staffing requirements for each activation phase will be identified, and included in the Garrison IEM Plan. Garrison Commanders at large installations with frequent deployments may have enough baseline requirements to consider establishing a full time FAC. Garrison Commanders should consider using the following personnel:

(1) Civilian employees of organizations, such as education centers that may not have their normal number of customers. This includes surge-support personnel.

(2) Contractors, after receiving approval of the appropriate contracting officer that the contract has been amended and funded, whose contract allows them to support the FAC.

(3) Local retirees.

(4) Non-deployable personnel.

(5) Overhires. (Position descriptions should be prepared and ready to fill.)

(6) FAC specialists from the Army National Guard.

(7) Army Reserve Family Programs staff.

(8) Staff duty officers stationed at the FAC after normal hours of operation.

(9) Community support listed in appendix G.

(10) Volunteers.

b. The FAC is a liaison with community support services. When the FAC director activates the community-support service personnel assigned on orders will report to the FAC.

c. Agency POCs are expected to attend regularly scheduled FAC training listed in appendix F-6, and meetings. Staff will be screened, pretrained for their respective roles, and will be designated as emergency essential personnel in accordance with with IEM Plan. Non-military personnel must agree to be designated as emergency essential personnel.

d. Army Reserve Family Programs will identify the ACS Center nearest to their staff, and provide the ACS director with Army Reserve Family Program staff contact information and an Army Family Reserve Family Programs FAC POC. The Army Reserve Family Program FAC POC will serve as a liaison between the FAC and Army Reserve Family Programs leadership, and will assist ACS in providing information and referral services to the affected military community.

e. The Army National Guard (ARNG) Soldier and Family Support Family Programs branch will provide a listing of all FAC locations, phone numbers, FAC Specialists, and FAC coordinators to the ACS directors. The FAC coordinators in the state will serve as a liaison between the FACs and will assist the ACS in providing information and referral services to the affected military community.

f. When the FAC is activated, the FAC director will ensure that staff duty officers have the name and telephone number of the on-call FAC representative. All data gathered and maintained will be safeguarded per AR 340-21, and applicable disclosure rules. When the FAC operates on a 24-hour basis, a trained ACS representative will be available at all times. A reference smart book must be available at the FAC, and the on-call ACS representative will have a copy of the smart book with him/her at all times. The smart book must include—

(1) POC rosters for FAC personnel.

(2) POC rosters for and information papers from the community support services listed in appendix G.

(3) POC rosters for available translators for German, Italian, Korean, Spanish and/or other languages, as appropriate for the specific location/population.

(4) Telephone numbers and directions to host-country, hospitals, regional Army Medical Centers, sister Services, ACS regional staff, and other emergency response agencies.

(5) Established donation management, public affairs, and security procedures (see app F-5).

(6) Locations and contact information for Army National Guard FACs located within the state.

(7) POC and information regarding the Army Reserve Family Programs staff.

F-4. Family Assistance Center Requirements

Upon request, written situation reports must be provided to the Emergency Operations Center detailing Family assistance center activities, key information on benefits and services delivered, and issues surfacing that required resolution. During

the first 30 days, a report needs to be filed twice daily, as information changes quickly. Families of victims should receive the attention of the most senior members of the Army staff through personal visits to the Family assistance center.

- a.* Adequate intake areas, phone lines, meeting rooms, private counseling space, child and youth services areas, refreshment space, rooms for work centers, command centers, a briefing room, donation collection area, information display areas, and operationalize a 24/7 hotline.

F–5. Donations Management

All donations activities will conform with AR 1–100, AR 230–1, AR 600–50, the Joint Ethics Regulation, and 10 USC 2601. The goal of donations management is to efficiently and effectively manage the overall influx of unsolicited offers of goods and monetary donations.

- a.* Early coordination with private nonprofit, community support organizations that can provide specific disaster-related services is vital. Participating in preparedness activities, including planning and establishing appropriate roles and responsibilities, will contribute to the successful execution of donations management.
- b.* DA Personnel are prohibited from soliciting any type of donations (to include monetary or in-kind). However, in response to an appropriate inquiry, may inform potential donors of needs and available process for giving.
- c.* DA personnel will consult the Joint Ethics Regulation, and may not endorse the fundraising activities of non federal entities (NFEs).
- d.* There are two categories of donations most commonly encountered and each type will be handled differently. Procedures to process each type include:
 - (1) In-kind donations are tangible goods (for example, clothing, food, and consumables (paper products)).
 - (a)* All offers of in-kind donations should be referred to NFEs that provide community support (for example, Red Cross, and United Services Organization (USO)).
 - (b)* Garrisons should not accept in-kind donations, as they are not prepared or experienced to accept, store, manage, and disburse the magnitude of goods that may be donated.
 - (2) Monetary donations include cash, checks, money orders, cash cards (for example VISA, MasterCard, American Express, and Discover).
 - (a)* Family and Morale, Welfare and Recreation (FMWR) may accept monetary donations, but may only provide goods and services to Soldiers and Families (for example, food, phone cards, local store gift cards, commissary, and Army and Air Force Exchange Service (AAFES)).
 - (b)* FMWR may not make cash payments to individuals (for example, Soldiers and/or Family members).

(c) The most efficient way to accept monetary donations is to refer the donor to the “Gifts To Army” Web site where donors may make donations to Soldier and Family Programs up to \$10,000 via a credit card. The link for online donations is <http://giftstoarmy.army.mil/soldiersfamilies.aspx>.

(d) Checks should be written payable to the Installation FMWR Fund (IFMWRF), and deposited into the FMWRF local account.

(e) Donations not given online will be processed as gifts to the Nonappropriated Fund Instrumentality (NAFI) Supplemental Mission Fund. Donation offers of \$1,000 or greater must be reviewed for legal sufficiency by the local Staff Judge Advocate (SJA) office. Donation offers of \$10,000 or greater require a written legal opinion prior to approval and/or acceptance by the official acceptance authority (Director of Family and MWR, if delegated by the garrison commander, or the garrison commander). All donation offers greater than the garrison commander’s acceptance limit (\$100,000) must be referred for acceptance by IMCOM, CG/DCG–S.

(f) Expenditures from the donated funds may be for quality of life items, services, and supplies to support the needs of affected personnel for which appropriated funds (APF) are not authorized.

(3) Accurate records for receipt and disbursement of donated funds must be kept to ensure the donors’ intent for are met.

(4) Garrisons will establish processes for managing and executing donated funds, to include needs determination, validation, and approval processes for executing funds.

(5) Authorized Garrison Family and MWR personnel will make purchases using the NAF Government Purchase Cards (GPC).

F–6. Training

a. General. FAC training raises the awareness of all participating staff, and prepares them to be more responsive in an emergency event. Training will be conducted to provide the various groups of responders an awareness of accepted response methods and follow on procedures.

b. Training Requirements. Training methods may take the form of established classroom presentations, distance learning or correspondence type programs and classes, or practical exercises. AR 525–27, training table 4–1, provides a breakout of potential installation partners and their respective training program. In addition, a training plan will be developed requiring FAC training to be conducted prior to the annual training event, and will include some of the following topics:

(1) ACS mobilization and deployment FAC operations (then and now).

(2) Ready Army information and program, disaster and emergency preparation (from rain to radiation).

(3) Stress management during an emergency, applied suicide intervention skills training, grief and bereavement training, and other support services in an emergency.

(4) Management of Soldier and Family member administrative actions in an emergency (to include insurance issues, personal property, official Family documents, and other key areas of a personal nature impacted by an emergency).

c. Training Exercise. In accordance with AR 525–27, there will be an annual Emergency Management training exercise held in conjunction with other incident response evaluations. The extent of this exercise will be the determination of the garrison commander. However, at a minimum, it will include a complete review of the Emergency FAC operations based on a typical critical situation or incident. Given the variety of program areas within the ACS and diverse nature of the staff, installations should consider instituting a quarterly training program as a lead up to the annual event. This will also ensure all ACS staff members have a basic knowledge and awareness of Emergency FAC operations, the variety of incident types, coordination with EOC and Garrison organizations and activities, and First Responder type actions given the different incident types. The goal is to build a solid frame of reference through a systematic training program. (See proposed topics below).

d. Proposed Army Community Service training topics. A quarterly training plan may include some of the following topics:

(1) Overview of ACS FAC operations over the last two decades and emergency FAC operations based on recent support actions.

(2) ACS mobilization and deployment FAC operations (then and now).

(3) Ready Army Information and Program, Disaster and Emergency Preparation (from rain to radiation).

(4) Stress management during an emergency, applied suicide intervention skills training, grief and bereavement training, and other support services in an emergency.

(5) Management of Soldier and Family member administrative actions in an emergency (to include insurance issues, personal property, official Family documents, and other key areas of a personal nature impacted by an emergency).

F-7. After Action Reporting and Evaluation

One of the main actions to be completed after any type of exercise is an after action report (AAR) on the exercise to identify lessons learned and improve performance. An AAR will include:

- a.* Emergency management exercise requirements and evaluation.
- b.* Scenario evaluation and consideration.
- c.* Participation and formalization of participants.
- d.* Schedule evaluation and coordination actions.
- e.* Emergency management evaluation.

Appendix H

Transitional Compensation for Abused Dependents

H-1. Eligibility

a. Transitional compensation payments are authorized for dependents of Soldiers who have been on active duty for more than 30 days and who, after November 1993 are—

- (1) Separated from active duty under a court-martial sentence that convicted the Soldier of a dependent-abuse offense;
- (2) Administratively separated from active duty if the basis for separation includes a dependent-abuse offense; or
- (3) Sentenced to forfeiture of all pay and allowances by a court-martial which convicted the Soldier of a dependent-abuse offense.

b. Payments to abused Family members are made as follows:

(1) If the Soldier was married when the offense occurred, payment will be made to that spouse or former spouse to whom the Soldier was married at that time, including an amount for each, if any, dependent child of the Soldier who resides in the same household as that spouse or former spouse.

(2) If there is an eligible spouse or former spouse and if there is a dependent child or children of the Soldier who do not reside in the same household as the spouse or former spouse, payments will be made to both the eligible spouse and each such dependent child of the Soldier who does not reside in that household.

(3) If the spouse is ineligible to receive payment under the forfeiture provisions of paragraph H-5, (that is remarriage, cohabitation with the Soldier separated for the dependent-abuse offense, or active participation in the dependent-abuse offense), payments will be made to each dependent child of the separated Soldier who does not reside in the household of the separated Soldier or spouse.

(4) If there is no eligible spouse for reasons other than those in paragraph H-5, (for example, the Soldier has no dependent spouse or the spouse has died), payments will be made to the dependent children of the Soldier who do not reside in the household of the Soldier.

(5) For paragraphs H-1b (2), H-1b(3) and H-1b(4), status as a “dependent child” is determined as of the date of the Soldier’s conviction of the dependent-abuse offense, or as of the date on which the Soldier is administratively separated from active duty, whichever is applicable.

(6) If a recipient is incapable of handling his or her own personal affairs, payments may be made to a court-appointed guardian on behalf of the recipient. In the case of a dependent child under 18 years of age, payments may be made only to a court-appointed guardian or a natural parent (who is not a spouse of the Soldier), if the natural parent has legal custody of the dependent child.

c. Dependents of Soldiers who have experienced a dependent-abuse offense, but who do not meet the criteria as outlined in H-1a, may qualify for exceptional eligibility. The 14 April 08, Department of Defense Policy Memorandum entitled "Exceptional Eligibility for Transitional Compensation for Abused Dependents" authorizes the Secretary of the Army to review and approve cases in which a Soldier was separated from the Army for a non-dependent abuse offense, even though the Soldier committed a dependent-abuse offense. The exceptional eligibility application package will consist of—

(1) DD Form 2698 completed by installation TC POC. The garrison commander must sign block 22a and include the words “Per the 14 Apr 08, DOD Policy Memorandum.” This authority cannot be delegated.

(2) A Memorandum requesting “Exceptional Eligibility” completed and signed by the garrison commander at the installation confirming that the former member engaged in a dependant-abuse offense consistent with the provisions of 10 U.S.C. 1059 and DODI 1342.24, and was separated from active duty other than as described under 10 U.S.C. 1059(b).

(3) A copy of the Soldier’s official Military Personnel Record or other documentation showing the Soldier’s date of entry on active duty and date of expiration of active obligated service.

(4) Official documentation confirming that the former member engaged in a dependent-abuse offense (such as, documentation of Case Review Committee (CRC) findings, law enforcement records and/or all other relevant documentation regarding the alleged abuse), and the basis for the Soldier’s separation (for example, court-martial conviction that did not include conviction of a dependent-abuse offense or administrative separation that did not include the dependent-abuse offense(s)). Documentation should provide details which enable Department of the Army authorities to understand how the Soldier was separated from the Army.

(5) A Standard Form (SF) 1199A (Direct Deposit Sign-up Form) completed by the applicant and the financial institution or a voided check/deposit slip with written authorization for direct deposit of payments. If the applicant does not have an account with a financial institution, the applicant may waive direct deposit of payments in writing.

(6) A copy of court orders for custody or guardianship of a dependent child in the case of the applicant being the non-parental legal representative of a dependent child eligible to receive TC benefits.

(7) As the approval authority is the Secretary of the Army, all applications for Transitional Compensation under Exceptional Eligibility circumstances must be forwarded to Headquarters, DA for review regardless of any local recommendations for approval or disapproval.

H-2. Commencement and duration of payments

a. Eligibility for payment will commence on the date a court-martial sentence is adjudged if the sentence includes a dismissal, dishonorable discharge, bad conduct discharge, or forfeiture of all pay and allowances; or on the date the Soldier's commander initiates administrative separation action. Concurrent payment of transitional compensation and waived forfeitures is authorized for Soldiers receiving a punitive discharge. If the Soldier did not receive a punitive discharge, but did receive total forfeitures, transitional compensation is not authorized for the period in which forfeitures are waived.

b. For applicants whose eligibility for payment, as defined in paragraph a above, commences prior to 21 January 2011, the duration of payments will be 36 months unless the unserved portion of the Soldier's obligated active duty service is less than 36 months, as of the starting date of payment. In these instances, the duration of payment will be the greater of the unserved portion or 12 months.

c. For applicants whose eligibility for payment, as defined in paragraph a above, commences on or after 21 January 2011, the duration of payments will be 36 months.

d. No payment will be made for any period before 30 November 1993.

H-3. Monthly payment amounts

a. Monthly payments to a spouse will be at the rate in effect for the payment of Dependency and Indemnity Compensation under 38 USC 1311. If the spouse has custody of a dependent child or children of the Soldier, the amount of monthly compensation to the spouse will be increased for each child by the amount under 38 USC 1311. If payments are made to a child or children pursuant to paragraphs H-1b (2), H-1b(3) or H-1b(4) above, such compensation will be paid in equal shares at the rate in effect under 38 USC 1313.

b. Payments will be prorated for months when payments start or stop in the middle of a month.

(1) When calculating payments for dependent children, if the payment amount does not divide evenly, the youngest child will receive the odd cent.

(2) If the recipient dies, arrears of pay will not be paid.

H-4. Cessation of payments

a. Any payment of transitional compensation that started under H-2 above, will stop effective as of the first day of the first month following the month in which IMCOM notifies the recipient in writing that payment of transitional compensation will cease because—

(1) The court-martial sentence of the separated Soldier was remitted, set aside, or mitigated to a lesser punishment that does not include a dismissal or dishonorable or bad conduct discharge.

(2) The proposed administrative separation was disapproved by competent authority under applicable regulations.

b. The recipient will not be required to repay amounts of transitional compensation received before the effective date of cessation determined under paragraph a, above, except as necessary to recoup any amount that was erroneous when paid.

H-5. Forfeiture provisions

a. Remarriage. If a spouse receiving payments remarries, payments terminate as of the date of the remarriage. Payment will not be renewed if such remarriage is terminated. A dependent child not living in the same household as the remarried spouse or Soldier will remain eligible for transitional compensation payments and benefits.

b. Cohabitation. If the Soldier resides in the same household as the spouse or dependent child to whom compensation is otherwise payable under this section, payment will terminate as of the date the Soldier begins residing in such household. Once payment is terminated for this reason, payment will not resume if the Soldier subsequently moves out of the household. Compensation paid to the dependent spouse prior to the Soldier residing in such a household shall not be recouped.

c. Active participant. If the victim was a dependent child, and the spouse has been found by the garrison commander or designee in the rank of O-4 or higher to have been an active participant in the conduct constituting the dependent-abuse offense, or to have actively aided or abetted the Soldier in such conduct against that dependent child, the spouse or dependent child living with the spouse will not be paid transitional compensation.

d. Notification. The spouse is required to notify IMCOM and the Defense Finance and Accounting Service-Cleveland Center (DFAS-CL), Transitional Compensation Claims, PO Box 998011, Cleveland, OH 44199-8011, within 30 calendar days of remarriage or the date that the Soldier began to reside with the spouse or dependent child. Dependent children (or,

if applicable, the individual receiving payment under paragraph H-1b (5) are required to notify IMCOM and DFAS-CL within 30 calendar days after the Soldier or ineligible spouse begins to reside in the same household.

e. Annual certification. The spouse will be required to certify annually, through completion of a certificate of eligibility issued by DFAS-CL to all recipients, that he or she has not remarried and is not residing with the Soldier. The certificate of eligibility is sent to the spouse to DFAS-CL annually. Dependent children (or, if applicable, the individual receiving payments under paragraph H-1b (5)) are required to certify annually through completion of the certificate of eligibility, that they are not cohabitating with the Soldier or ineligible spouse. DFAS-CL will notify IMCOM in a timely manner of the recipients who are no longer eligible to receive payments as a result of not completing the annual certification.

H-6. Commissary and exchange benefits

a. While receiving their payments, recipients are entitled to the same commissary and exchange privileges as a dependent of a member of the Armed Forces on active duty for a period of more than 30 days. For overseas installations, the use of commissary and exchanges is subject to host nation agreements in force.

b. If a recipient is eligible or entitled to use the commissary and exchange stores and is also eligible or entitled under another provision of law, eligibility and entitlement will be determined under the other provision of law and not in accordance with this paragraph.

H-7. Identification cards

The recipient of transitional compensation is entitled to receive a Family member identification (ID) card through a military ID card facility. The recipient should present the payment authorization letter from the IMCOM to the chief or designee of the ID card facility to request the issuance of the ID card for the purpose of eligibility. The Army Project Office maintains oversight of the issuance of ID cards for recipients of transitional compensation, and will address questions from the ID card facility chief or designee about policy and procedures for issuance of ID cards.

H-8. Medical and dental benefits

a. A dependent of a Soldier who has received a dishonorable or bad conduct discharge, was dismissed from a uniform service, or was administratively discharged from a uniform service as a result of a dependent-abuse offense, may receive medical or dental care in facilities of the Uniformed Services on a space available basis. In addition, dependents are eligible to receive medical care as TRICARE beneficiaries.

b. Eligible dependents of a member who is eligible for retirement, but who loses eligibility for retired pay because of dependent-abuse misconduct, may receive medical and dental care in accordance with 10 USC 1408(h).

H-9. Claims submission

a. The installation FAP manager or victim advocate or designee will assist the applicant in completing DD Form 2698 and obtain the required documentation. The application and documentation will be mailed or sent via facsimile to IMCOM G-9, Building 2266, 2455 Reynolds Road, Fort Sam Houston, TX 78234-7588.

b. The application package will consist of—

(1) DD Form 2698, on which the applicant will provide the information in section I and in section II, item 23. The applicant must sign and date item 12, Section I. The garrison commander or designee in the rank of O-4 or higher must complete section II and sign and date item 22 to certify the application.

(2) A copy of the Soldier's official military personnel record or other documentation showing the Soldier's date of entry on active duty and date of expiration of active obligated service.

(3) A copy of the court martial promulgating order or the memorandum of intent to initiate an administrative separation, whichever is applicable.

(4) A copy of the charge sheet in the case of a court-martial or in the case of an administrative separation documentation that clearly establishes the offense and the relationship between the offender and the victim.

(5) A SF 1199A, completed by the applicant and the financial institution or a voided check/deposit slip with a written authorization for direct deposit of payments. If the applicant does not have an account with a financial institution, the applicant may waive direct deposit of payments.

(6) A copy of court orders for custody or guardianship of a dependent child in the case of the applicant being the nonparental legal representative of a dependent child eligible to receive benefits.

H-10. Change of eligibility status

The garrison commander or designee in the rank of O-4 or higher will notify IMCOM (IMCOM G-9, Family and MWR Programs) immediately by memorandum or electronically when there is knowledge of any actions identified in paragraphs

H-4a (1) and H-4a(2) or H-5a and H-5b that result in a change of eligibility status for a recipient of transitional compensation. IMCOM G-9, Family and MWR Programs will forward this information to DFAS-CL for appropriate action in accordance with H-4a and H-4b and H-5d.

Appendix I

Volunteer Recognition

I-1. Purpose

Appreciation and recognition are two key motivational factors important to volunteer programs. Volunteers need the same feedback and support systems as paid staff members if their needs for personal growth and job satisfaction are to be met. Recognition is not just a way to say thank you; it is a response to individual interests and reasons for being involved. Recognition and support systems need to be consciously designed and carefully implemented. They should include the range of volunteering from the one-time volunteer for Special Olympics or Make a Difference Day to volunteering regularly. There should be varied types of recognition, as people have diverse motivations.

I-2. General information

Recognition should be given by the agency for which the volunteer provides a service or by the garrison, State Area Regional Command, or Reserve Support Command commanders. Information on awards is available under volunteers at www.armycommunityservice.org or from the AVCC. Some types of recognition include—

- a.* Informal recognition.
- b.* Verbal expression of appreciation by staff supervisors for volunteer efforts.
- c.* Increased responsibilities, involvement in program planning and evaluation, or the opportunity to train others.
- d.* Letters of recommendation with accomplishments identified in terms that can be used in employment applications.
- e.* Publicity and pictures in public media.

I-3. Formal recognition

- a.* Certificates of appreciation or plaques of appreciation to be presented or signed by the unit commander, installation or Army command, Army service component command, direct reporting unit, depending on the magnitude of the contribution.
- b.* Special agency or installation award ceremonies.
- c.* Incentives (AR 672–20) such as Certificates of Appreciation for Patriotic Civilian Service, Outstanding Civilian Service Award, and Commander’s Award for Civilian Service.
- d.* Military Outstanding Volunteer Service Medal is an award for active duty Soldiers for their volunteer contributions.
- e.* Military affiliated awards such as Newman’s Own Award for Excellent Military Community Service or the Very Important Patriot Award.
- f.* National awards such as the annual President’s Service Award or the Daily Points of Light Award.

I-4. Authorized funding

- a.* Official recognition certificates may be purchased with APFs.
- b.* NAFS are authorized for certificates, plaques, pins, badges, and food for volunteer recognition ceremonies. See AR 215–1 for additional guidance.
- c.* Monetary awards are not authorized for volunteers.

Appendix J

Army Family Readiness Groups Operations

J-1. Concept and purpose

a. The FRG is a unit commander's program formed in accordance with AR 600-20. Normally FRG will be established at the company level, with battalion and brigade levels playing an important advisory role. FRG are not a morale, welfare, and recreation program; a NAFI, a private organization; or a nonprofit organization.

b. An FRG is a command-sponsored organization of Soldiers, civilian employees, Family members (immediate and extended) and volunteers belonging to a unit. FRG will provide mutual support and assistance, and a network of communications among the Family members, the chain of command, and community resources. FRG will assist unit commanders in meeting military and personal deployment preparedness and enhance the Family readiness of the unit's Soldiers and Families. They will also provide feedback to the command on the state of the unit "Family."

c. Family readiness is the mutual reinforcement and support provided by the unit to Soldiers, civilian employees, and Family members, both immediate and extended.

d. The rear detachment commander is the unit commander's representative at home station while the unit is deployed and is the FRG link to the deployed unit. All logistic support for FRG (for example, meeting rooms, nontactical vehicle use, office equipment and computers, newsletters, telephones, and volunteer support) is authorized by the rear detachment commander during deployment.

e. The garrison ACS Center and RC Family Programs Office will assist unit commanders in establishing successful FRG by providing expertise, classes, training, and support to FRG and the FRG leadership, as outlined in AR 608-1.

f. Unit commanders will ensure that their FRG appeal to all service members, civilians, and Family members regardless of rank structure or Family size, composition, language spoken, and other characteristics. Commanders will seek FRG leaders who are particularly adept at energizing both officer and enlisted corps' Families. FRG that do not reflect their unit's demographics or have a high level of Family participation will be reevaluated to address impediments that exist toward creating a balanced and representational FRG. Typical issues could be FRG meeting times, unmet child care needs, FRG activities that do not match FRG member needs, FRG that do not provide training programs relevant to FRG Family needs, and other Family support issues.

J-2. Family Readiness Groups roles and functions

a. The FRG mission is to—

- (1) Act as an extension of the unit in providing official, accurate command information.
- (2) Provide mutual support between the command and the FRG membership.
- (3) Advocate more efficient use of available community resources.
- (4) Help Families solve problems at the lowest level.

b. The type and scope of FRG mission activities will depend on a number of factors such as—

- (1) The Commander's budget for FRG mission activities.
- (2) The identified needs of unit Soldiers, civilian employees, and their Families.
- (3) Command interest and emphasis.
- (4) The number of FRG members.
- (5) The time, energy, and creativity of FRG membership.
- (6) The makeup of the FRG, including the percentages of single Soldiers, number of years Soldiers and their Families have served with the military, number of Families with young children, and other Family composition factors.
- (7) The unit's training and deployment schedule.

c. FRG are official DA programs established pursuant to AR 600-20. FRG mission activities and appropriated fund expenditures are subject to DOD 5500.7-R, DOD 7000.14-R, 31 USC 1341, and all other applicable statutory and regulatory restraints on official activities, use of appropriated funds, and fundraising.

d. Certain FRG mission activities are essential and common to all FRG. They include FRG member meetings, FRG staff and committee meetings, publication and distribution of FRG newsletters, maintenance of updated Family rosters and Family readiness information, establishment of FRG member telephone trees and e-mail distribution lists, and scheduling educational briefings for FRG members. FRG activity level can vary depending on unit mission and on whether the unit is in pre-deployment or post-deployment, deployed, or in a training/sustainment period at the home station.

e. FRG social activities can enhance Family and Soldier camaraderie, provide stress relief, and reduce Family loneliness during deployments. Social activities will not be funded using appropriated funds. FRG members may use money contained in an FRG informal fund to pay for social activities described in paragraph J-7.

J-3. Resources

FRG mission-essential activities are supported using the unit's appropriated funds, excluding BA11/OPTempo. FRG mission-essential activities authorized appropriated fund support may not be supported with NAFs. FRG mission-essential activities may not be augmented with private money. Such augmentation may be a violation of 31 USC 1345. FRG appropriated fund resources may not be used to support private organization activities, internal fundraisers, or commercial ventures.

a. Government office space and equipment. FRG may use Government office space, computer and office equipment, faxes, e-mails, scanners, and so on to support the FRG mission.

b. Paper and printing. FRG may use Government paper and printing supplies to publish FRG newsletters to relay information from the command and to support any FRG mission activity. Commanders will decide how frequently newsletters will be published. Each unit will have a standard operating procedure (SOP) on the preparation, printing, and distribution of FRG newsletters. FRG newsletters may be distributed by the Army or installation post office or via e-mail to FRG members.

c. Army and installation post offices and official mail. FRG are authorized to use official mail for official, mission-related purposes and as approved by the unit commander.

(1) Unofficial information may be included in an official FRG newsletter, provided: it does not exceed 20 percent of the printed space used for official information; it does not increase printing and mailing costs to the Government; and it does not include personal wanted/for sale advertisements. The FRG newsletter must state whether it contains only official information or both official and unofficial information.

(2) If the newsletter contains both types of information, it will include the following statement: "The inclusion of some unofficial information in this FRG newsletter has not increased the costs to the Government, in accordance with DOD 4525.8-M."

d. Government vehicles. In accordance with AR 58-1, the unit commander may authorize Government vehicle use in support of official FRG activities, including the transportation of FRG members for FRG mission-related activities. Government vehicles may be used to support official FRG activities when—

(1) The appropriate commander determines that the use of the vehicle is for official purposes and that failure to provide such support would have an adverse effect on the FRG mission.

(2) The driver has a valid and current license to operate the vehicle and all other regulatory requirements regarding the use of the Government vehicle have been followed.

(3) The use of the vehicle can be provided without detriment to the accomplishment of the unit's mission.

e. Child care. Depending on availability of funds, unit commanders may authorize appropriated funds for—

(1) Childcare for command-sponsored training in accordance with AR 608-10, paragraphs 3-2 and 3-4.

(2) Needed Family support, including child care, education, and other youth services for Armed Forces members who are assigned to duty or ordered to active duty in conjunction with a contingency operation (see 10 USC 1788(b) and DODI 1342.22).

f. Statutory volunteers. The unit commander may accept statutory volunteer labor to support the FRG mission, as described in paragraph J-4 and in accordance with this regulation. However, FRG volunteers are not considered statutory volunteers when they are participating in social or fundraising activities and are not entitled to reimbursement for incidental expenses during this period of time.

J-4. Volunteers

a. Volunteers. The Soldier and Family Readiness System relies heavily on the support of a professional volunteer cadre. Unit commanders may staff their FRG with volunteers, as provided in chapter 5 of this regulation and in accordance with 10 USC 1588.

(1) FRG volunteers in leadership and key roles, such as the FRG leader, treasurer, key caller, and welcome committee chair, must in-process through the local ACS Center for the Active Component or through the RC Family Programs Office. Commanders will ensure their volunteers are supervised in the same manner as an employee, that they have a position description, and that they have followed all other legal and regulatory requirements in accordance with chapter 5 of this regulation and 10 USC 1588.

(2) The local ACS center, RC Family Programs Office, or AVCC will provide unit commanders or their designees with expert guidance on the Army Volunteer Corps Program. They will provide commanders with standard FRG volunteer position descriptions and answer volunteer questions. The unit commander will ensure that the AVCC is provided the FRG volunteers' work hours monthly to track volunteerism within their areas of responsibility and for volunteer recognition purposes.

(3) FRG volunteers are authorized to use Government facilities to accomplish their assigned duties. This includes the use of office and meeting spaces; telephone, computer, e-mail, and copying equipment; administrative supplies; administrative and logistical support; and additional equipment. Government computer use, including e-mail and internet use, is authorized for official FRG business only.

(4) To support official FRG activities, FRG volunteers may operate Government-owned or Government-leased nontactical vehicles with a gross vehicle weight of less than 10,000 pounds, provided they meet the licensing requirements set forth in AR 600–55.

(a) The authorization to drive a Government-owned or Government-leased nontactical vehicle will be included in the volunteer's position description.

(b) Vehicular accidents occurring while an FRG volunteer is operating a Government vehicle must be reported in accordance with AR 385–10.

b. Funding for volunteer support. Appropriated funds may be used to support FRG volunteers, with command preapproval and funding availability. Appropriated funds for volunteer support may be used for—

(1) Training and travel expenses. Commanders may, at their discretion, authorize payment for travel and training of official statutory volunteers.

(a) Authorized FRG volunteer travel may include FRG volunteer visits to geographically dispersed members of the FRG in direct support of the FRG mission.

(b) Enrollment, travel, per diem, and other expenses may be funded for training to improve FRG volunteers' effectiveness or enable them to accept positions of increased responsibilities. Invitational travel orders are authorized, pursuant to the JFTR, appendix E, part I, paragraph A, and Secretary of the Army travel policy. Funding will depend on command preapproval and availability of funds.

(2) Reimbursement of incidental expenses. Unit commanders may budget for the reimbursement of official volunteer incidental expenses using appropriated funds for FRG volunteers, as authorized by this regulation and 10 USC 588. Volunteers may be provided reimbursement for incidental expenses (out-of-pocket expenses) such as child care, long-distance telephone calls, mileage, and other expenses incurred while supporting the FRG official mission, in accordance with chapter 5 of this regulation and DODI 1100.21 and the commander's FRG budget standard operating procedure (SOP) (see app J–6).

(3) Awards, recognition, and mementos. Appropriated funds will not be authorized or available for volunteer awards other than official certificates of recognition or volunteer incentive awards in accordance with AR 672–20. NAFs will be authorized for garrison volunteer recognition programs, awards, and banquets and to purchase mementos consistent with AR 215–1. Unit commanders will ensure that their FRG volunteers' hours are submitted monthly to the garrison AVCC and that FRG volunteers are recognized at garrison community volunteer recognition ceremonies.

c. Authorizing travel. Commanders may not authorize travel or the reimbursement of volunteer incidental expenses for members of their household or other persons that could present a potential conflict of interest (see DOD 5500.7–R). Commanders will forward these decisions to the next senior level officer within the commander's chain of command for determination. Commanders will seek guidance regarding specific ethics issues from their servicing ethics counselors.

J–5. Family Readiness Support Assistants

In the Active Army, commanders may authorize units to hire Family Readiness Support Assistants (FRSAs) who provide unit FRSA administrative support services.

a. FRSA required training to be completed through classes at ACS, Family Programs, or online at www.myarmylife-too.com. Within the first 60 days of assuming duties, the FRSA must complete the following training classes.

(1) Army Family Team Building Levels I and II.

(2) Rear Detachment Commander Training.

(3) FRG Volunteer Leader Training.

(4) Operation READY FRSA Training.

b. Other recommended FRSA training includes:

(1) Civilian Personnel Office, time and attendance and benefits.

(2) Virtual Family Readiness Group System Training.

c. The FRSA deployment assistant will coordinate training through local community resources and provide administrative collaboration between the rear detachment commander and the FRSA leader. The FRSA deployment assistants will not duplicate services or overlap existing resources in the military community.

d. The FRSA deployment assistant works for the unit commander, who will have day-to-day operational direction of the assistant's activities. The duties of the FRSA deployment assistant will not conflict with the duties of the volunteer FRSA leadership. The FRSA deployment assistant will not be involved in FRSA informal fundraising activities, casualty

assistance procedures, suicide prevention activities, teaching Family readiness training, Family counseling, or other non-FRSA official administrative support duties.

e. The Army National Guard may hire FRSA assistants to assist the State Family Program Directors at Joint Force Headquarters, and the U.S. Army Reserve may hire mobilization and deployment assistants to assist the Family programs directors at regional readiness commands.

J-6. Budget process

a. Family Readiness Groups operations. These are funded by the unit commander's appropriated funds, excluding BA11/OPTEMPO. Commanders will consider FRG mission activity requirements when planning their yearly budget. FRG budget needs vary widely and are highly dependent on location, the unit's mission and deployment situation, the composition of the FRG membership, and component.

b. Family Readiness Groups budget standard operating procedures. Commanders will approve an SOP that describes the support available for FRG mission activities and the procedures for FRG leaders and volunteers to request support. FRG leaders must be familiar with the SOP. A sample SOP is included in Operation R.E.A.D.Y training materials.

c. Government purchase card. Commanders will use a Government purchase card to pay for FRG operating expenses, when practicable. For example, commanders may use their Government purchase card to purchase supplies, equipment, room rental, or any other approved item to support official FRG mission activities. The FRG budget SOP will include a requirement that FRG leaders fill out appropriate forms and submit them to the commander for approval. The SOP will also state the procedures for requesting reimbursement for incidental expenses for FRG volunteers.

J-7. Family Readiness Groups informal funds

a. Authorization.

(1) Commanders may authorize their FRG to maintain one informal fund in accordance with AR 600-20. No more than one FRG informal fund per unit may be authorized. Informal funds are private funds generated by FRG members that are used to benefit the FRG membership as a whole. FRG informal funds may not be deposited or mixed with appropriated funds, unit MWR funds, the unit's cup and flower funds, or any individual's personal funds. The expenditure of informal funds will be consistent with Army Values, DOD 5500.7-R, and AR 600-20.

(2) Examples of authorized use of informal funds include FRG newsletters that contain predominantly unofficial information and purely social activities, including, but not limited to, parties; social outings, volunteer recognition (not otherwise funded with APFs), and picnics.

(3) Examples of unauthorized use of FRG informal funds include augmenting the unit's informal funds (the unit's cup and flower funds); purchasing items or services that are authorized be paid for with appropriated funds; purchasing traditional military gifts, such as Soldier farewell gifts that are not related to Family readiness; and funding the unit ball.

b. Fund custodian. The unit commander will sign a letter designating a fund custodian (treasurer) and an alternate. The fund custodian and alternate must not be the unit commander, a deployable Soldier, or the FRG leader. The fund custodian is responsible for informal fund custody, accounting, and documentation.

(1) The FRG informal fund custodian and alternate are personally liable for any loss or misuse of funds.

(2) After designation of the informal fund custodian, the custodian may establish a noninterest bearing bank account under the FRG's name (never the individual's name). The commander will authorize opening the account and prepare a letter naming the fund's custodian and alternate as persons authorized to sign checks drawn on the account. The commander will not be a signatory on the account.

(3) The informal fund custodian will provide informal fund reports to the unit commander monthly and as requested. An annual report on the FRG informal fund activity will be provided to the first colonel (O-6) commander or designee in the unit's chain of command no later than 30 days after the end of the calendar year. These reports will summarize the informal fund's financial status, to include current balance, total income, and an itemized list of expenditures along with an explanation showing how the expenditures are consistent with the purpose of the FRG informal fund as established in the SOP.

(4) Although not required, commanders may consider requiring the FRG informal fund to be bonded in accordance with the procedures in AR 210-22.

c. The Family Readiness Groups informal fund standard operating procedures. All FRG informal funds will have an SOP. This document memorializes the FRG members' determination of the purpose of the FRG informal fund. The SOP may be a one-page document and must include—

(1) The FRG name.

(2) A description of the FRG's informal fund purpose and functions and a summary of its routine activities. For example, "The FRG's informal fund purpose and function are to provide support and recognition to FRG members during the

following life events: births, birthday parties, new member welcome parties, departing member farewell parties, holiday parties, and so on.”

(3) The following statement must be included in the FRG informal fund SOP: “This FRG informal fund is for the benefit of the FRG members only and is established exclusively for charitable purposes and to provide support to Soldiers and Family members as the Soldiers and Families adapt to Army life. It is not a business and is not being run to generate profits. It is not an instrumentality of the United States Government.”

(4) The FRG informal fund SOP must be approved by the unit commander and a majority of the FRG members. It will be signed at a minimum by the FRG leader, the fund custodian (treasurer), and the alternate fund custodian. (A sample informal fund SOP is included in Operation READY training materials.)

d. Fundraising for Family Readiness Groups informal funds. DOD 5500.7–R authorizes official fundraising by organizations composed primarily of DOD or DA employees and their dependents when fundraising among their own members or dependants for the benefit of their own welfare funds. Fundraising will be approved by the appropriate commander after consultation with the DA ethics official or designee.

(1) An Army organization—including, but not limited to, units, installations, and FRG—may officially fundraise from its own community members or dependents and from all persons benefiting from the Army organization. (For example, an installation may benefit from the brigade or unit FRG, thus permitting a brigade or unit FRG to fundraise throughout the installation.) Fundraising must be for the organization’s informal fund, as opposed to a private charity, a particular military member, or a similar cause, and be approved by the commander with cognizance over the organization and coordinated with the commander with cognizance over the location of fundraising if different from the organization area. Commanders will consult with their Staff Judge Advocate or ethics counselor and avoid all conflicts with other authorized fundraising activities.

(2) Commanders may approve requests from FRG informal funds to conduct fundraising events in accordance with the requirements of DOD 5500.7–R as described above and in compliance with AR 600–29.

(3) Informal fundraising that occurs within the Army Reserve will have the approval of the unit commander and the servicing Staff Judge Advocate and/or ethics counselor. To address fundraising issues within the Army Reserve, refer to Army Reserve regulations.

e. Informal fund cap. FRG are not established to raise funds, solicit donations, or manage large sums of money. They are not equipped to handle the stringent accounting requirements that can result from excessive informal funds. FRG informal funds will therefore not exceed an annual gross receipt (income) cap of \$10,000 per calendar year from all sources, including fundraising, gifts, and donations. Unit commanders may establish a lower annual income cap.

(1) State and local laws and the requirements of Status of Forces Agreements may make a lower FRG informal fund cap necessary at some locations within or outside the continental United States. Commanders and fund custodians will consult their Staff Judge Advocates to ensure that FRG informal funds comply with all local requirements.

(2) FRG informal funds may only be raised and maintained for specific planned purposes consistent with the purpose of the informal fund. If the purpose of the fundraising event is inconsistent with the FRG informal funds SOP, commanders will not approve the fundraising event.

(3) The FRG informal fund ledger will reflect the costs earmarked for the planned event. For example, if an FRG is planning a holiday party with a planned cost of \$3,000, the ledger might reflect the following costs: dinner \$2,100; hall rental \$250; and band \$650.

f. Gifts to Family Readiness Groups informal funds. Unit commanders may accept an unsolicited gift or donation of money or tangible personal property of a value of \$1,000 or less for its FRG informal fund after consultation with the unit ethics counselor. Unsolicited gifts or donations to the FRG informal funds are considered income and impact the FRG informal fund annual income cap of \$10,000.

J–8. Family Readiness Groups external fundraising

As an official activity of the DA, the FRG may not engage in external fundraising and may not solicit gifts and donations. However, in accordance with AR 1–100 and with the advice of the ethics counselor, commanders and FRG leaders may, in response to an appropriate inquiry, inform potential donors of the needs of the Army in relation to assisting Army Families.

J–9. Unsolicited donations to the active component

a. Appropriate gift acceptance authorities may accept unsolicited gifts and donations made to the Army intended for FRG support; these donations will be added to the garrison’s FRG supplemental mission account, pursuant to paragraph 3–2*a* of this regulation and AR 215–1 after consultation with an ethics counselor. The director, MWR (DMWR) will assign these donations intended for FRG use to program code SA, department code “9J,” to prevent disbursing donations

intended for FRG use into another ACS mission or for any other purpose. These supplemental mission donations do not expire at the end of the fiscal year, and balances automatically roll over into the following fiscal year.

b. Acceptance authority levels for unsolicited gifts and donations to the FRG supplemental mission account will be in accordance with the rules governing gifts to NAFI in AR 215–1.

c. Supplemental mission donations are NAFs that may be used only to supplement the mission activity. They are not MWR NAFs. MWR NAFs may not be expended for FRG support. Commanders may use supplemental mission donations intended for FRG for any purpose that the commander determines clearly supplements an established mission of the FRG so long as appropriated funds are not authorized. However, in accordance with the policies listed in chapter 5 of this regulation, supplemental mission donations may be used for reimbursement of statutory volunteer incidental expenses if appropriated funds are not available. The use must be consistent with this regulation and the provisions governing supplemental mission NAFs in AR 215–1 and DODI 1015.15.

(1) The first priority in using supplemental mission NAFs intended for FRG is to encourage maximum attendance and participation at FRG meetings—for example, by providing food and refreshments. Using supplemental mission NAFs to support a unit ball is an example of an unauthorized expenditure because it fails to supplement an established mission of the FRG.

(2) Commanders may not authorize the use of supplemental mission NAFs for any purpose that cannot withstand the test of public scrutiny or which could be deemed a misuse or waste of funds. Using supplemental mission NAFs to fund a lavish cruise to promote "cohesion" among FRG members is an example of an excessive and inappropriate use of funds.

d. Supplemental mission NAFs are not informal funds. The provisions concerning informal funds contained in this regulation are inapplicable to supplemental mission NAFs. Supplemental mission NAFs will not be deposited into an FRG informal fund and will not impact the annual FRG informal fund income cap.

e. The DMWR will properly disburse supplemental mission donations intended for FRG support. The unit commander will submit an approved purchase request that includes a brief description of the item(s) requested, total funds required, dates the items are needed, and vendor or source of the items to be purchased to the DMWR for processing. The DMWR will disburse such supplemental mission donations between FRG supported by that garrison's ACS Center, to include recruiting and the Army Reserve Component. Army National Guard units are not included for these supplemental mission accounts.

f. Garrison commanders may accept unsolicited gifts into the supplemental mission program when the donor intends the donation or gift to be used only in support of FRG that are experiencing certain deployment cycle events, such as preparing for deployment, deployment, and redeployment. The DMWR will ensure that the supplemental mission donations are disbursed to FRG whose Soldiers are experiencing the deployment cycle event stated in the donation. This ensures that the garrison fulfills the conditions of the gift which the commander accepted. For example, a donor intends a gift to be used "for the Families of deployed Soldiers." The DMWR ensures only FRG whose units have deployed Soldiers share in the supplemental mission donation.

g. The garrison commander may not accept unsolicited gifts into the supplemental mission program when the donor intends the donation or gift to be used only by a named FRG. For example, a donor intends a gift to be used "for Brigade X's FRG." Garrison commander must decline the gift because it creates disparity between FRG experiencing the same deployment cycle events.

h. Commanders and FRG leaders must be careful to avoid stating or implying that the Army officially endorses any person or private organization that offers a gift. The commander and FRG leadership may not promise donors that donations are tax deductible. Businesses may be encouraged to speak with their tax adviser regarding business tax deductions.

i. Any commanders who are offered donations they may not accept, will consider referring the prospective donor to other Government or private organizations, such as Army Emergency Relief, local tax qualified charities, foundations, and fraternal or service organizations.

j. Commanders will seek guidance from their servicing Judge Advocate and ethics counselor when they receive offers of unsolicited donations for FRG support. For further regulatory instruction regarding gifts offered to the Army or to individuals (see AR 1–100 and AR 1–101).

J–10. Unsolicited donations to a reserve component

The procedures for accepting donations or gifts for an RC may differ, depending upon location and activation status. For RC units attached to an Army garrison or installation, see instructions above regarding the acceptance authority for accepting unsolicited donations intended for FRG support. For guidance regarding gifts intended for an RC not attached to a garrison or installation (see AR 1–100 and AR 1–101). Commanders are also encouraged to seek guidance from their ethics counselors (for specifics, refer to Reserve Command regulation).

J-11. Private organizations

Private organizations (POs) have substantially more authority than FRG to conduct fundraising and to engage in social activities in accordance with AR 210-22, AR 600-29, and DOD 5500.7-R. Individuals may establish POs that share the same Family readiness goals and objectives as FRG. To prevent potential conflicts of interest, if such POs are established, managers or board members of the PO will not also be placed in FRG leadership positions. It is essential that commanders and Government personnel treat such POs in the same manner as all similarly situated POs. Commanders may not direct the establishment or the activities of a PO and must treat POs according to the requirements of AR 210-22, AR 600-29, and DOD 5500.7-R, as applicable. Commanders will seek guidance from their servicing Judge Advocate's office and ethics counselor regarding private organization issues.

J-12. Commercial sponsorship

FRG may not enter into commercial sponsorship agreements. Commercial sponsorship is an agreed upon arrangement under which a business provides assistance, funding, goods, equipment, or services in exchange for public recognition or other promotional opportunities on the installation. In accordance with AR 215-1 and DODI 1015.10, commercial sponsorship is generally only authorized for official MWR programs and events.

J-13. Official information

Official FRG information relates to command and mission-essential information that the commander believes Families need to be better informed. Official information relates to unit mission and readiness. It includes training schedule information, upcoming deployments, unit points of contact, and the chain of concern. Official information is subject to all applicable regulations governing its use and to guidance in AR 25-55 and 5 USC 552(b).

Appendix K

Army Family Action Plan Program

K-1. Concept and purpose

a. The AFAP Program was established in 1983 as a result of the Chief of Staff, Army 1983 White Paper, “The Army Family.”

b. The HQDA AFAP GOSC Charter establishes the HQDA AFAP GOSC as an interagency committee under the guidelines in AR 15-1, and DA Memorandum, 13 September 11, SUBJECT: Army Family Action Plan Memorandum of Agreement.

c. The AFAP Program provides a mechanism for all individuals who compose the Army’s force - Soldiers (active Army and Reserve Component), retirees, DA civilians, and their Family members to identify quality of life concerns to leadership at regular intervals. Through this process, issues are selected, assigned to a lead agency for resolution, and an action plan is established to achieve desired change. The issues are monitored through a formal resolution process that dictates leadership review, direction, and approval. The AFAP process is implemented at three distinct levels - garrison and/or unit, midlevel, and HQDA.

K-2. Army Family Action Plan Program execution

a. Garrison and/or unit level—

(1) The AFAP Program process begins at the garrison and/or unit level during the 1st quarter of the fiscal year under the direction of the garrison and/or unit level commander and the AFAP program manager or liaison.

(2) Army garrisons are required to designate an AFAP Program manager. The program manager manages the AFAP process, conducts an annual AFAP conference, reports the status of AFAP issues at quarterly steering committee meetings, and selects and provides support to delegates and workgroup team members attending midlevel and HQDA AFAP Conferences. The AFAP Program manager implements baseline and accreditation standards in accordance with this regulation.

(3) An installation Action Council/Commander’s AFAP Steering Committee is established to address the results of the various garrison customer feedback processes to ensure progress is made to resolve community issues. The garrison commander establishes membership and chairs the quarterly meeting and signs the minutes. Members include, but are not limited to, key garrison or unit level directors, organizations or units representatives, senior spouses (by invitation), Family members, retirees, and other garrison and/or unit level officials.

b. Midlevel—

(1) The midlevel AFAP liaison or program manager executes the midlevel AFAP conference; accepts elevated issues and requests Subject Matter Expert support for the conference.

(2) Issues requiring higher level resolution are forwarded to HQDA with general officer or equivalent approval. Each issue must be accompanied with a staff position paper in the correct format.

K-3. Army Family Action Plan conferences

a. AFAP Conferences are conducted annually at garrison and/or unit, midlevel, and HQDA with representation from all constituent groups to identify and prioritize issues that reflect the quality of life needs of Army members and to elevate prioritized issues to senior leadership for resolution.

b. Uniforms will not be worn in workgroups nor will attendees identify their rank or position if serving as a delegate or workgroup team member.

c. AFAP conference delegates and workgroup team members will attend required training prior to the conference. Workgroup management team members must have prior AFAP experience to serve as a workgroup team member at midlevel and HQDA conferences.

d. Midlevel conferences—

(1) A midlevel AFAP liaison or program manager conducts an annual midlevel AFAP Conference during the 2nd or 3rd quarter of the fiscal year. Delegates to the midlevel AFAP Conference represent a demographic cross section of the midlevel’s members.

(2) IMCOM AFAP liaison or program manager assist midlevels in the execution of the midlevel conferences as requested.

e. Headquarters level conference—

(1) The HQDA AFAP conference is conducted annually by OACSIM with delegates representing a demographic cross-section of the Army.

(2) Issues prioritized at the HQDA AFAP conference are forwarded to the VCSA for entry into the AFAP.

K-4. Criteria for Army Family Action Plan issues

- a.* There are no limits on the number of issues forwarded to midlevel or HQDA for consideration at AFAP Conferences.
- b.* Issues that do not meet issue criteria will not be considered at AFAP conferences and will be returned to the submitting organization.
- c.* AFAP issues must meet the following criteria to be considered at a conference:
 - (1) Issues must identify a problem that affects readiness or quality of life and requires action to resolve.
 - (2) Issues can have no more than two recommendations.
 - (3) Issues must be within the purview of garrisons, commands, HQDA, or DOD to resolve through tasking authority. Sister service specific issues, states rights or issues that fall under the purview of agencies such as the Veterans Affairs or Department of Homeland Security do not meet AFAP criteria.
 - (4) Issues must identify a measurable end product and the specific demographic group impacted.
 - (5) Issues must address one topic and require a single functional proponent for resolution.
 - (6) Issues can not duplicate an active HQDA AFAP issue or one that has been closed in the past 3 years.
 - (7) Issues can not duplicate existing programs, services, policies or legislation which already address the issue recommendation.

K-5. Tracking and managing issues

- a.* All issues are managed and tracked at all levels of the AFAP Program (garrison and/or unit; midlevel; HQDA) by the corresponding AFAP Program manager or liaison and results are communicated to their constituents, following conferences and steering committee meetings.
- b.* An action officer within the functional proponent is assigned to develop and implement an action plan to resolve the issue. Support agencies may be assigned to assist the lead in completing the issue's action plan. Action officers will provide updates on the status of issue resolution, as required, at all levels.
- c.* A transfer of the responsibility for an issue may be initiated by the functional proponent. If a transfer is not mutually agreeable, the Steering Committee chair will determine the functional proponent. At HQDA, the Director of the Army Staff may determine the functional proponent.

K-6. Resolving issues

- a.* AFAP issues are assigned a status—
 - (1) *Active.* Issues with an action plan and in the working phase of resolution.
 - (2) *Combined.* Issues that are incorporated into another active issue because they have the same objective.
 - (3) *Elevated.* Issues that are elevated to a higher headquarters for review and/or resolution.
 - (4) *Completed.* Issue is resolved; recommendation or “best solution” attained.
 - (5) *Unattainable.* Issue cannot be resolved at this time because of absence of support or resources.
- b.* Issues remain active until the Steering Committee or HQDA AFAP GOSC determines the issue is elevated, completed, combined, or unattainable. After a 3-year hold, completed or unattainable issues may be addressed again.

Appendix M

Army Family Team Building Program

M-1. Concept and Purpose

a. Army Family Team Building (AFTB) program is a modular training program designed to provide Family members with the skills and tools necessary to successfully maneuver through the Army system, understand the military environment and way of life, and access the many resources and services available. The AFTB program empowers individuals, maximizing their personal growth and professional development through specialized training, transforming our community into a resilient and strong foundation meeting today's military mission. The AFTB garrison staff includes a paid program manager and a volunteer program manager along with volunteer instructors.

(1) For the ARNG, AFTB is the responsibility of the state Family Program Coordinator.

(2) For the USAR, AFTB is the responsibility of the Family Programs Directorate.

(3) For non-garrison based commands AFTB is the responsibility of the appropriate Family support program section.

b. The AFTB Program policy memorandum issued on 16 December 1994 and signed by the Chief of Staff of the Army (CSA) and the Sergeant Major of the Army (SMA) announced the AFTB Program as an official Army program. In a memorandum dated 17 April 1996, the CSA endorsed the AFTB Program as the primary Army program promoting self-reliance through education.

c. Attendance at AFTB courses is open to eligible active duty, ARNG and USAR Family members, Soldiers, retirees, DA civilians, APF and NAF employees, and contract program support personnel.

d. The AFTB Program is a valuable asset in providing support to Army Families and enhancing unit readiness. The CSA and SMA designated 16 December as "Army Family Team Building Day."

e. Volunteers are critical to the implementation, management, and evaluation of the AFTB program. To ensure a successful program, it will include at a minimum the following volunteer training elements (for example, orientation, goals and objectives, on-going professional development, and a written volunteer recognition plan) See Chapter 5 in this regulation for more detailed information and guidance on volunteer management.

M-2. Army Family Team Building Council

a. The AFTB Council serves as an advisory body to the local AFTB programs and will be established in accordance with AR 15-1, paragraph 2-3. The AFTB Council meets semi-annually at a minimum to review concept modules, establish goals and objectives, and develop action plans based on garrison training needs. The AFTB Program Manager/Coordinator will prepare and forward a copy of minutes to the garrison leadership and member organizations.

b. Its membership may include but not be limited to—

(1) Representatives from Joint Forces Headquarters Command and Reserve Components.

(2) AFTB program manager (paid/volunteer) and Family services coordinator/Family program director/state Family Program director/Family readiness/program liaison officers.

(3) AFTB advisors.

(4) Key AFTB volunteers.

(5) Key Army community personnel such as those persons who can provide accurate information concerning funding, marketing, child care, logistics, and legal issues.

c. Tasks of the AFTB Council include, but are not limited to—

(1) Establishing goals and objectives for the local AFTB Program.

(2) Developing action plans to achieve the established goals.

(3) Developing recruitment strategies to ensure that volunteers are involved at all levels.

(4) Developing plans for recruiting students.

(5) Reviewing overall AFTB Program operating procedures.

M-3. Elements of the Army Family Team Building Program

Elements of the AFTB training program are Levels I, II, and III.

a. *Level I, II, and III curriculum.* The Level I, II, and III curriculum consists of the following three levels of standardized instruction:

(1) Level I—Introduction training to meet the needs of Family members new to the Army.

(2) Level II—Intermediate training for Family members with several years of experience as Family members with goals to become more involved in unit and community programs as prospective leaders.

(3) Level III–Advanced training for Family members who have more experience with the Army, having goals of improving their leadership skills, both personally and professionally, and willing to share life experiences with more junior Family members.

(4) AFTB trainings are offered in accordance with current accreditation standards or the most recent community needs assessment.

(5) Levels I, II, and III do not equate to military rank, position, or age of Family member, but rather to the years of experience and knowledge one has as an Army Family member and the personal aspirations of each person.

(6) AFTB levels I, II, and III are taught by local AFTB instructors and/or via web-based training modules at "<https://www.myarmyonesource.com/familyprogramsandservices/familyprograms/armyfamilyteambuilding/default.aspx>.

(a) AFTB instructors must complete the local ACS Instructor Training Course prior to teaching AFTB courses.

(b) AFTB instructors must attend the AFTB orientation prior to teaching. The orientation is conducted by the AFTB program manager.

b. Army Family Team Building Program Manager responsibilities.

(1) AFT Program Managers will attend the IMCOM-sponsored AFTB Program Manager Course within one year of assumption of duties, unless previously attended. The courses offered at the IMCOM training academy, and course schedules are found at <http://www.imcomacademy.com>.

(2) A needs assessment should be conducted bi-annually to ensure trainings are scheduled to meet the community needs

(3) The Enlisted Spouse Training Seminar prepares enlisted spouses for additional responsibility as their Soldier advances in their career. The series addresses three specific audiences to assist spouses of drill sergeants, recruiters, and first sergeants prior to assuming their new role.
